Pupil Desk

AGILE

AGILE

The **Agile** single pupil table has been designed to facilitate the increasing demand for flexible learning environments. The table has a 60° angled top and can be used in waves, individually and in circular clusters on their own or around power poles to provide flexible IT hubs. The table also features integral wheels for easy manoeuvrability and to allow for quick re-configuration.

The table top is available with either a laminated MDF top or with a solid grade trespa top. Ideal for classrooms, LRC's and breakout areas.

AGILE

The top tilts from 0-25° at 5° increments (compliant with EN 1729), to encourage better posture and can be positioned vertically to allow the tables to be nested when not in use.

Adjusting the table is easy. The mechanism under the desk top is released by extending the lever forward, the table can then be positioned at the desired angled and when the lever is released the table top locks in place.

Warranty

The modern teaching environment places heavy demands on furniture and fittings, so we build quality and durability into everything we produce. Proof of our commitment to the highest standards is our 5 year warranty on all products in the **Vista+** range, subject to fair wear and tear.

Environment

All of our timber is responsibly sourced from FSC or PEFC accredited suppliers.

We heat our factory using waste wood and sawdust.

Our products are lovingly wrapped in blankets during transportation; reusable and no waste packaging.

We recycle 100% of our general waste.

We are ISO 14001 accredited.

All of the products we manufacture are FSC and PEFC certified.
